November 3rd till November 8th 2009

Development of forest sciences curricula in Europe

Spanish Forestry Degrees: sailing between two seas

R. Fanlo, J.A. Bonet and C. Vega

Keywords:

Abstract: Spanish forestry studies are currently being transformed to the European ECTS system.

In this complex process, the existing two consecutive degrees
- Technical Forest Engineer (3 years) and Higher Technical Forest Engineer (2 years)
blend in one 4-year Bachelor level degree followed by a 1 to 2-year Master degree.
